PaperStream ClickScan Front-End Scanning Software

Remove the complexity of scanning while taking full advantage of Fujitsu's industry leading image cleanup

PaperStream ClickScan improves the versatility of your Fujitsu fi Series scanners by providing high quality scans with easy click-to-scan functionality. PaperStream ClickScan provides all of the scanning features required for most, while maintaining the ability to use all of your other TWAIN applications when needed. This easy, flexible and efficient free software increases the usability of your Fujitsu fi or SP Series scanner with a new easy to use interface.

Easy Installation and Setup

PaperStream ClickScan is a complementary download, easy for anyone to install and begin scanning

Industry-Leading Image Cleanup

Utilize Fujitsu's automated image clean features to produce the clearest images

No Training Required

Experienced and inexperienced users can use the software with its simple icons and intuitive navigation

Versatile

PaperStream ClickScan is compatible with Fujitsu's market leading fi Series and SP Series scanners. Easily switch between batch or ad hoc scans, and use side-by-side with PaperStream Capture

Quick 1-Push Scanning

Use the scanner button or interface icon to scan direct to file destinations

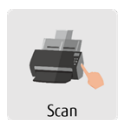

Compatible Applications

Use with TWAIN and other ECM applications. No need to overhaul existing systems.

Datasheet

PaperStream ClickScan Front-End Scanning Software

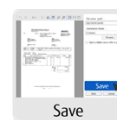

Easy 1-2-3 Setup

Simply scan, select your destination, and save.

Scan-To Destinations

Select simple icons to scan to folder, email, print or an application

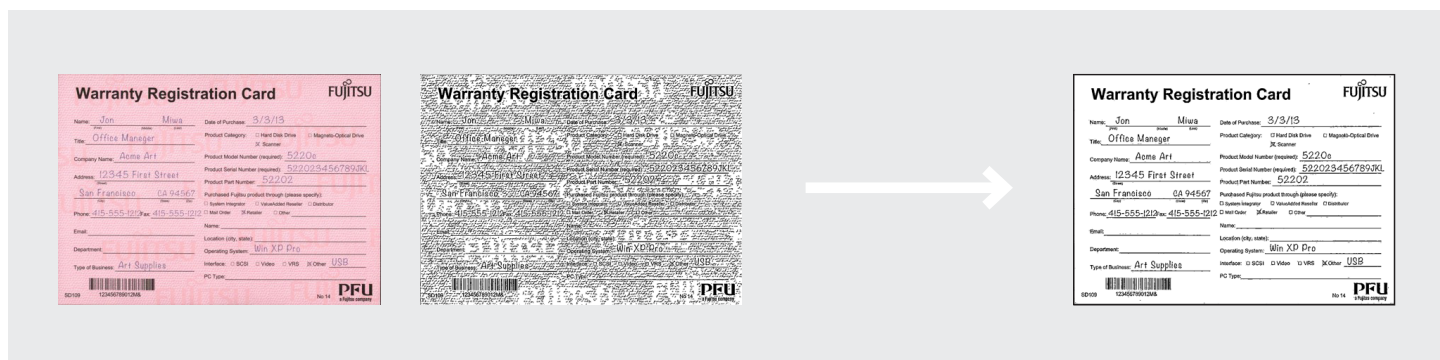

Save Documents As

PDF/PDF with OCR, JPEG, TIFF/Multi-TIFF, Bitmap

PaperStream Image Cleanup

Produces the clearest images with automated cleanup features; Image Mode, Resolution, Page Size, Dropout Color, Blank Page Detection, Multifeed Detection, Background Pattern Removal, Character Extraction, etc.)

Technical Information

Supported Scanners

Workgroup: fi-7300NX / fi-800R / fi-7160 / fi-7260 / fi-7140 / fi-7240 / fi-65F / fi-7030 / SP-1130N*1 / SP-1125N*1 / SP-1120N*1 / SP-1425*1
 Departmental: fi-7180 / fi-7280 / fi-7480 / fi-7460
 Production: fi-7900 / fi-7800 / fi-7700 / fi-7700S / fi-7600

Language*2

13 languages
 Japanese, English, French, German, Italian, Spanish, Chinese (simplified), Chinese (traditional), Russian, Korean, Portuguese (Brazil), Arabic, and Turkish

Compatible Scanner Driver PaperStream IP 3.0.1 (TWIN)

Scanning Simple Scanning, Ad-hoc Scan

Destination Local folder, email (attached file), Print, Link to Application

Output File PDF, Searchable PDF, Password-protected PDF, JPEG, TIFF(single/multi-page), BMP

Supported Operating System*3

Windows® 7 Professional, Windows® 7 Enterprise, Windows® 8.1,*4 Windows® 8.1 Pro,*4 Windows® 8.1 Enterprise,*4 Windows® 10 Home,*4 Windows® 10 Pro,*4 Windows® 10 Enterprise,*4 Windows® 10 Education,*4

Hardware Requirements

CPU*5 Intel Pentium 4 1.8 GHz or higher (Recommended: Intel® Core™ i5 2.5 GHz or higher)
Memory Capacity 1 GB or more (Recommended: 4 GB or more)
Display Resolution*6 1024 768 pixels or higher, 65,536 or more colors
Disk Drive*7 5400 rpm or more (Recommended: 7200 rpm or more)
Disk Capacity*7 10 GB or more

*1Support for the SP Series is scheduled for July 2021 or later. *2For the following languages, only text recognition with searchable PDF is supported: Greek, Vietnamese, Swedish, Dutch, Polish, Czech, Romanian, Hebrew, Ukrainian *3This software is a 32-bit application that runs on 64-bit operating systems. *4Operates as a desktop application. *5Scanning speeds may drop if recommended CPU, memory capacity and USB 1.1 requirements are not met. *6When the font size is large, some screens may not be displayed properly. In such a case, use a smaller font size. *7Enough disk drive and disk capacity is necessary for the saved file when scanning.
